Krishi Bhavan, New Delhi-110 001

Dated the 6th February, 2009

Subject: Price Policy for Rabi Crops of 2008-09 season to be Marketed in 2009-10- Fixation of Minimum Support Prices.

The Government of India has fixed the Minimum support Prices for the Rabi Crops of 2008-09 season of Fair Average Quality as under:-

<i>(Rupees per quintal)</i>	
Commodity	MSP for 2008-09 season
Wheat	1080
Barley	680
Gram	1730
Masur (Lentil)	1870
Rapeseed/ Mustard	1830
Safflower	1650

(ii) The prices of other oilseeds belonging to the rapeseed / mustard group be fixed on the basis of their normal market price differentials with rapeseed / mustard.

(iii) In the case of cereals, FCI and other designated State Agencies may continue to provide price support to the farmers, as in the past. NAFED would continue to be the nodal agency for procurement of oilseeds and pulses; and losses, if any, may be fully reimbursed by the Government of India.

NOTE ON TPDS

INTRODUCTION

1.1 The Public Distribution System (PDS) evolved as a system of management of scarcity and for distribution of food grains at affordable prices. Over the years, PDS has become an important part of Government's policy for management of food economy in the country. PDS is supplemental in nature and is not intended to make available the entire requirement of any of the commodities distributed under it to a household or a section of the society.

1.2 PDS is operated under the joint responsibility of the Central and the State Governments. The Central government, through FCI, has assumed the responsibility for procurement, storage, transportation and bulk allocation of food grains to the State Governments. The operational responsibility including allocation within State, identification of families below the poverty line, issue of Ration Cards and supervision of the functioning of FPS, rest with the State Governments. Under the PDS presently the commodities namely wheat, rice, sugar and kerosene, are being allocated to the States/UTs for distribution. Some States/UTs also distribute additional items of mass consumption through the PDS outlets such as cloth, exercise books, pulses, salt and tea, etc.

EVOLUTION OF PUBLIC DISTRIBUTION SYSTEM

2.1 Public Distribution of essential commodities had been in existence in India during the inter-war period. PDS, with its focus on distribution of food grains in urban scarcity areas, had emanated from the critical food shortages of 1960. PDS had substantially contributed to the containment of rise in food grains prices and ensured access of food to urban consumers. As the national agricultural production had grown in the aftermath of Green Revolution, the outreach of PDS was extended to tribal blocks and areas of high incidence of poverty in the 1970s and 1980s.

2.2 PDS, till 1992, was a general entitlement scheme for all consumers without any specific target. Revamped Public Distribution System (RPDS) was launched in June 1992 in 1775 blocks throughout the country.

2.3 The Targeted Public Distribution System (TPDS) was introduced with effect from June 1997.

REVAMPED PUBLIC DISTRIBUTION SYSTEM (RPDS)

3.1 The Revamped Public Distribution System (RPDS) was launched in June, 1992 with a view to strengthen and streamline the PDS as well as to improve its reach in the far-flung, hilly, remote and inaccessible areas where a substantial section of the poor live. It covered 1775 blocks wherein area specific programmes such as the Drought Prone Area Programme (DPAP), Integrated Tribal Development Projects (ITDP), Desert Development Programme (DDP) and certain Designated Hill

Areas (DHA) identified in consultation with State Governments for special focus, with respect to improvement of the PDS infrastructure. Food grains for distribution in RPDS areas were issued to the States at 50 paise below the Central Issue Price. The scale of issue was up to 20 kg per card.

3.2 The RPDS included area approach for ensuring effective reach of the PDS commodities, their delivery by State Governments at the doorstep of FPSs in the identified areas, additional ration cards to the left out families, infrastructure requirements like additional Fair Price Shops, storage capacity etc. and additional commodities such as tea, salt, pulses, soap etc. for distribution through PDS outlets.

TARGETTED PUBLIC DISTRIBUTION SYSTEM (TPDS)

4.1 The PDS, till 1992 was a general entitlement scheme for all consumers without special targets. The RPDS was launched in 1992 in 1775 blocks in tribal, hill and drought prone areas. PDS as it stood earlier, had been widely criticized for its failure to serve the population Below the Poverty Line (BPL), its urban bias, limited coverage in the States with high concentration of the rural poor and lack of transparent and accountable arrangements for delivery.

4.2 In June 1997, the Government of India launched the **Targeted Public Distribution System (TPDS) with focus on the poor**. Under the TPDS, States are required to formulate and implement foolproof arrangements for identification of the poor for delivery of food grains and for its distribution in a transparent and accountable manner at the FPS level.

4.3 The scheme, when introduced, was intended to benefit about 6 crore poor families for whom a quantity of about 72 lakh tonnes of food grains was earmarked annually. The identification of the poor under the scheme is done by the States as per State-wise poverty estimates of the Planning Commission for 1993-94 based on the methodology of the "Expert Group on estimation of proportion and number of poor" chaired by Late Prof Lakdawala. The allocation of food grains to the States/UTs was made on the basis of average consumption in the past i.e. average annual off-take of food grains under the PDS during the past ten years at the time of introduction of TPDS.

4.4 The quantum of food grains in excess of the requirement of BPL families was provided to the State as 'transitory allocation' for which a quantum of 103 lakh tonnes of food grains was earmarked annually. Over and above the TPDS allocation, additional allocation to States was also given. The transitory allocation was intended for continuation of benefit of subsidized food grains to the population Above the Poverty Line (APL) as any sudden withdrawal of benefits existing under PDS from them was not considered desirable. The transitory allocation was issued at prices, which were subsidized but were higher than the prices for the BPL quota of food grains.

4.5 Keeping in view the consensus on increasing the allocation of food grains to BPL families, and to better target the food subsidy, Government of India increased the allocation to BPL families from 10 kg. to 20 kg of food grains per family per month at 50% of the economic cost and allocation to APL families at economic cost w.e.f. 1.4.2000. The allocation of APL families was retained at the same level as at the time of introduction of TPDS but the Central Issue Prices (CIP) for APL were fixed at 100% of economic cost from that date so that the entire consumer subsidy could be directed to the benefit of the BPL population.

4.6 The number of BPL families has been increased w.e.f. 1.12.2000 by shifting the base to the population projections of the Registrar General as on 1.3.2000 instead of the earlier population projections of 1995. With this increase the total number of BPL families is 652.03 lakh as against 596.23 lakh families originally estimated when TPDS was introduced in June 1997.

4.7 The end retail price is fixed by the States/UTs after taking into account margins for wholesalers/retailers, transportations charges, levies, local taxes etc. Under the TPDS the States were requested to issue food-grains at a difference of not more than 50 paise per kg over and above the CIP for BPL families. *Flexibility to States/UTs. has been given in the matter of fixing the retail issue prices by removing the restriction of 50 paise per kg over and above the CIP for distribution of food grains under TPDS except with respect to Antyodaya Anna Yojana where the end retail price is to be retained at Rs. 2/ a Kg. for wheat and Rs. 3/ a Kg. for rice.*

IDENTIFICATION OF BPL FAMILIES UNDER TPDS

5. To work out the population below the poverty line under the TPDS, there was a general consensus at the Food Minister's conference held in August 1996, for adopting the methodology used by the expert groups set up by the Planning Commission under the Chairmanship of Late Prof. Lakadawala. The BPL households were determined on the basis of population projections of the Registrar General of India for 1995 and the State wise poverty estimates of the Planning Commission for 1993-94. The total number of BPL households so determined was 596.23 lakh. Guidelines for implementing the TPDS were issued in which the State Governments had been advised to identify the BPL families by involving the Gram Panchayats and Nagar Palikas. While doing so the thrust should be to include the really poor and vulnerable sections of the society such as landless agricultural labourers, marginal farmers, rural artisans/craftsmen such as potters, tappers, weavers, black-smith, carpenters etc. in the rural areas and slum dwellers and persons earning their livelihood on daily basis in the informal sector like potters, rickshaw-pullers, cart-pullers, fruit and flower sellers on the pavement etc. in urban areas. The Gram Panchayats and Gram-Sabhas should also be involved in the identification of eligible families.

The number of BPL families has been increased w.e.f. 1.12.2000 by shifting the base to the population projections of the Registrar General as on 1.3.2000 instead

of the earlier population projections of 1995. With this increase the total number of BPL families is 652.03 lakh as against 596.23 lakh families originally estimated when TPDS was introduced in June 1997.

ANTYODAYA ANNA YOJANA (AAY)

6.1 AAY is a step in the direction of making TPDS aim at reducing hunger among the poorest segments of the BPL population. A National Sample Survey Exercise points towards the fact that about 5 % of the total population in the country sleeps without two square meals a day. This section of the population can be called as "hungry". In order to make TPDS more focused and targeted towards this category of population, the "Antyodaya Anna Yojana" (AAY) was launched in December, 2000 for one crore poorest of the poor families.

6.2 AAY contemplates identification of one crore poorest of the poor families from amongst the number of BPL families covered under TPDS within the States and providing them food grains at a highly subsidized rate of Rs.2/ per kg. for wheat and Rs. 3/ per kg for rice. The States/UTs are required to bear the distribution cost, including margin to dealers and retailers as well as the transportation cost. Thus the entire food subsidy is being passed on to the consumers under the scheme.

6.3 The scale of issue that was initially 25 kg per family per month has been increased to 35 kg per family per month with effect from 1st April 2002.

FIRST EXPANSION OF AAY

7. The AAY Scheme has been expanded in 2003-2004 by adding another 50 lakh BPL households headed by widows or terminally ill persons or disabled persons or persons aged 60 years or more with no assured means of subsistence or societal support. With this increase, 1.5 crore (i.e. 23% of BPL) families have been covered under the AAY.

SECOND EXPANSION OF AAY

8. As announced in the Union Budget 2004-05, the AAY has been further expanded by another 50 lakh BPL families by including, inter alia, all households at the risk of hunger. Orders to this effect have been issued on 3rd August 2004. In order to identify these households, the guidelines stipulate the following criteria: --

- Landless agriculture labourers, marginal farmers, rural artisans, /craftsmen, such as potters, tanners, weavers, blacksmiths, carpenters, slum dwellers, and persons earning their livelihood, on daily basis in the informal sector like porters, coolies, rickshaw pullers, hand cart pullers, fruit and flower sellers, snake charmers, rag pickers, cobblers, destitutes and other similar categories irrespective of rural or urban areas.

- Households headed by widows or terminally ill persons or disabled persons or persons aged 60 years or more with no assured means of subsistence or societal support.
- Widows or terminally ill persons or disabled persons or persons aged 60 years or more or single women or single men with no family or societal support or assured means of subsistence.
- All primitive tribal households.

With this increase, the number of AAY families has been increased to 2 crore (i.e. 30.66% of BPL) families.

THIRD EXPANSION OF AAY

9.1 As announced in the Union Budget 2005-06, the AAY has further been expanded to cover another 50 lakh BPL households thus increasing its coverage to 2.5 crore households.(i.e. 38% of BPL)

9.2 The status of identification of households under AAY (Normal, 1st expansion, 2nd expansion and 3rd expansion) is given in Annexure. The defaulting States/UTs are reminded regularly as a part of monitoring.

IDENTIFICATION OF ANTYODAYA FAMILIES AND ALLOCATION OF FOODGRAINS:

10. The identification of the Antyodaya families and issuing of distinctive Ration Cards to these families is the responsibility of the concerned State Governments. Detailed guidelines were issued to the States/UTs for identification of the Antyodaya families under the AAY and additional Antyodaya families under the expanded AAY. Allocation of food grains under the scheme is being released to the States/UTs on the basis of issue of distinctive AAY Ration Cards to the identified Antyodaya families. The present monthly allocation of food grains under AAY is around 8.50 lakh tonnes per month as on January, 2009.

SCALE OF ISSUE OF FOOD-GRAINS UNDER TPDS

11. Since 1997, the Scale of issue of the BPL families has been gradually increased from 10 kg. to 35 kg. per family per month. The scale of issue was increased from 10 kg. to 20 kg. per family per month with effect from 1.4.2000. The allocation for APL families has been retained at the same level as at the time of introduction of TPDS (i.e. 10 kg. per family per month). The allocation of food grains for the BPL families has been further increased from 20 kg to 25 kg. per family per month with effect from July, 2001. Initially, the Antyodaya families were provided 25 kg. of food grains per family per month at the time of launching of the scheme. The scale of issue under APL, BPL and AAY has been revised to 35 kg per family per month with effect from 1.4.2002 with a view to enhancing the food security at the household level.

12. ECONOMIC COST AND CENTRAL ISSUES PRICES OF WHEAT AND RICE AND SUBSIDY PROVIDED BY GOVERNMENT OF INDIA.

Economic cost and central issues prices of wheat and rice and Subsidy provided by Government of India is given below:

13. ACHIEVEMENTS OF TPDS

- After June 1997, PDS has now become pro-poor.
- The urban bias has been completely eliminated as a larger proportion of BPL families are living in rural areas.
- Though PDS is supplemental in nature, but now the enhanced allocation of food grains fulfills around 50% of the cereal requirement every month of an average BPL household.
- The CIP of food grains for BPL families has not been revised since 25.07.2000.
- In accordance with the commitment of the Government to create a hunger free India and to reform the PDS so as to serve the poorest of the poor, the AAY scheme was launched in December 2000. The CIP for AAY category was kept lowest i.e. Rs.2/- a kg for wheat and Rs.3/- a kg for rice. The number of AAY households have been increased to 2.5 crores.

ALLOCATIONS AND OFF-TAKE OF FOOD-GRAINS UNDER TPDS

14. The details of Allocation made under TPDS and the off-take are as under:

(Figures in lakh tonnes)

Year	Total TPDS Allocation	Total TPDS off-take	% off take
1997-1998 (June 97 to March 98)	180.88	131.53	72.72

2008-2009	174.05	101.96	276.01	156.56	95.25	251.81	91.23

The BPL off-take has increased five times from 44 lakh tonnes during 1997-98 to more than 245 lakh tonnes (including AAY) during 2007-08. As far as Antyodaya Anna Yojana is concerned, the off-take has been very high i.e. 90.23%, 91.75%, 92.84% and 93.46% during 2004-05, 2005-06, 2006-07 and 2007-08 respectively.

STREAMLINING OF TPDS

16.1 No increase in CIP of BPL: -

The Central Issue Price for wheat and rice for BPL families is Rs. 4.15 per kg and Rs. 5.65 per kg. This has remained constant since 25.7.2000 and has not been increased since last eight years taking in to account their low purchasing power. The CIP for AAY families has also remained unchanged.

16.2 Basis of Allocation and BPL estimates of Planning Commission: -

As per the latest Poverty Estimates of the Planning Commission (1999-2000), the poverty ratio at national level has come down from 36.15% in 1993-94 to 26.10% during 1999-2000 (with State-wise variations). The allocation of food grains under the TPDS however, continues to be made on the basis of estimates of poverty of 1993-94, which are higher. This allocation based on 1993-94 poverty estimates, have been further revised upwards, and based on the population projection, as on 1st March, 2000 thereby increasing the monthly allocation to the State Governments.

projection, as on 1st March, 2000 thereby increasing the monthly allocation to the State Governments.

MEASURES TAKEN TO STRENGTHEN TPDS

17.1 Citizens' Charter

The Citizens' Charter (issued in November 1997), for adoption by the State Governments is a significant milestone in the efforts to provide services in a transparent and accountable manner under the PDS. The Model citizens' Charter was revised again in July 2007. This Charter is intended to be a Model for the State Governments and contains, inter-alia, the basic, relevant information for the consumers and a model procedure and time schedule for the services. The Charter contains information, such as entitlement of BPL families, fair average quality of food grains, data regarding the FPS, procedure for issue of ration cards, inspection and checking, right to information, vigilance and public participation etc.

17.2 Involvement of Panchayati Raj Institutions

Under the Guidelines for implementation of the TPDS, the State Governments were urged to involve the Gram Panchayats and Gram Sabhas in the identification of eligible families, which are Below the Poverty Line. Accordingly, detailed Guidelines were issued in June, 1999 for greater involvement of Panchayati Raj Institutions in the functioning of the TPDS (as a measure of Social Audit) and to introduce a more transparent/ accountable system of distribution.

Under the Guidelines, the Vigilance Committees, with the involvement of PRIs and beneficiaries, need to be established at FPS, Block, and District and State levels to supervise the functioning of TPDS. In these committees, in addition to the Sarpanch etc. the beneficiaries, consumer activists etc. are also to be involved for supervision of the overall functioning of the Fair Price Shops.

The Vigilance Committees are required to inspect the records of the FPSs and keep an overall watch on the functioning of the FPSs. The report of the vigilance committee is also required to be placed before Gram Sabha for onward transmission to the State Govt. for taking remedial action. The guidelines also provide for checking of "ration cards" by Gram Panchayat to ensure that the card is genuine to eliminate the bogus ration cards. Most of the States/UTs have intimated the constitution of the vigilance committees but their working and active involvement need to be further strengthened.

Strict adherence of the above steps is necessary to improve the efficiency, transparency and accountability of the PDS.

17.3 PDS (Control) Order, 2001

The experience gained in the implementation of Welfare Schemes has shown that issue of Guidelines and Executive Orders is not always adequate. It is, simultaneously, imperative to support the orders with statutory instructions. It was in this background that the Central Government had notified the Public Distribution System (Control) Order 2001 under Section 3 of Essential Commodities Act, 1955 to strengthen the hands of the State Governments and to extend legal force to the Instructions/Guidelines issued earlier. The Order, inter alia, covers a range of areas relating to correct identification of BPL families, issue of Ration Cards, proper distribution, and monitoring of PDS related operations. Contraventions of the provisions of the Order are punishable under the Essential Commodities Act, 1955.

17.4 Area Officers' Scheme

From February 2000 the Ministry has appointed Area Officers for different States/UTs to coordinate with the State governments/UTs for regular and effective monitoring of PDS. The Area Officers are required to visit their allotted States/UTs at least once in a quarter and conduct review of the PDS. The observations made by the Area Officers in their reports are sent to the concerned State Government/UT for taking necessary action.

ALL PARTY MEETING ON PDS

18.1 An All Party meeting on PDS was held on 25th July 2003 under the chairmanship of the Hon'ble Prime Minister. Some of the suggestions received on improvement of the TPDS by the Leaders of various Parties who attended the meeting are as under:

- Rationalization of CIP for APL category;
- Increase in number of Fair Price Shops and extended hours of opening of the FPSs and also opening throughout the week;
- Proper identification of families for inclusion in the BPL category;
- Availability of adequate stocks of food grains at the Fair Price Shops;
- Checking of diversion of food-grains from FPSs;
- Covering the migrant workers under TPDS;
- Increasing the dealers margin to increase the viability of FPSs;
- Allowing Cardholders to draw ration in maximum number of installments as per their purchasing power.

The All Party meeting recommended holding of a Chief Minister's Conference to discuss the issues in further detail. This could not materialize for want of convenience of the then Hon'ble Prime Minister.

NATIONAL COMMON MINIMUM PROGRAMME OF THE UPA GOVERNMENT

19.1 The National Common Minimum Programme (NCMP) of the Government, inter-alia states that

- (i) The UPA Government will strengthen the Public Distribution System (PDS) particularly in the poorest and backward blocks of the country and also involve women's and ex-servicemen's cooperatives in its management.
- (ii) Special Schemes to reach food grains to the most destitute and infirm will be launched.
- (iii) Grain banks in chronically food-scarce areas will be established.
- (iv) Antyodaya cards for all households at risk of hunger will be introduced.

CONFERENCE OF STATE FOOD SECRETARIES /STATE FOOD MINISTERS ON STRENGTHENING OF TPDS

20.1 In pursuant of the Common Minimum Programme of the Government to strengthening the Targeted Public Distributing System (TPDS), which is a joint responsibility of the Central and State Governments, a one day Conference was organized by this Ministry on 17th September 2004 of all the State Food Secretaries/Principal Secretaries and other stakeholders. As a follow up to the policy initiatives recommended by this Conference, another Conference of State Food Ministers and other stakeholders was organized on 28th October, 2004 under the chairmanship of Shri Sharad Pawar, Minister of Agriculture, Consumer Affairs, Food & Public Distribution, to concretize policy initiatives for strengthening the PDS for the vulnerable population.

MEETING OF THE ALL INDIA FAIR PRICE SHOP DEALERS' FEDERATION

21.1 A meeting was held by the Hon'ble Minister of Agriculture, Consumer Affairs, Food and Public Distribution on 30th November, 2004 with the representatives of All India FPS Dealers' Federation on various problems being faced by the Fair Price Shop owners.

MEETING HELD WITH MEMBERS OF PARLIAMENT FOR STRENGTHENING TPDS

22.1 A meeting was held on 20th December 2004 under the chairmanship of Hon'ble Minister of Agriculture, Consumer Affairs, Food and Public Distribution with the Members of Parliament for strengthening the TPDS.

REGIONAL CONFERENCE ON TPDS

23.1 In the Conference of State Food Ministers held in October 2004 and in the meeting held with the Members of Parliament in December 2004 for strengthening the TPDS, one of the suggestions was to hold conferences at regional level on TPDS. These conferences would focus on the unique problems of the region and would facilitate strengthening of the TPDS in a manner, which may be relevant to the local environment. Accordingly, five Regional Conferences were held during 2005-2006 in the regions of North, South, East, west and North-East.

In addition, the Government has also taken steps to introduction of electronic transfer of funds to FCI and issued instructions for display of banners/Boards on the windshield as well as rear end of the truck/vehicles carrying PDS articles indicating details of State Government, destination, commodity and Agent's name.

Meeting with Food Ministers/Food Secretaries of All States/UTs.

24.1 A meeting to discuss diversion of foodgrains and to strengthen TPDS was held on 29.3.2006 in New Delhi and the reports of ORG Marg and PEO of Planning Commission were discussed and reviewed in the meeting. Thereafter, the Department evolved a nine point action plan for implementation by all the State/UT Governments. The Nine Points Action Plan is as follows:

1. States should undertake a campaign for Review of BPL/AAY lists, to eliminate ghost ration cards - within 3 months.
2. Strict action should be taken against the guilty to ensure leakage free distribution of foodgrains. In this respect information asked for under clause 9 of PDS Control Order, may also be sent.
3. For sake of transparency involvement of elected PRI members in distribution of foodgrains, licences be given to SHGs, gram panchayats, cooperatives, etc.
4. BPL/AAY lists should be displayed on all FPSs.
5. District-wise and FPS-wise allocation of foodgrains should be put up on websites and other prominent places, for public scrutiny.
6. Wherever possible, door step delivery of foodgrains should be ensured by States, instead of letting private transporters/wholesalers to transport goods.
7. Timely availability of foodgrains at FPS level and fixed dates of distribution to ration card holders should be ensured.
8. Training of members of FPS level Vigilance Committees should be ensured. Proposals for funding training can be sent to the GOI.
9. Computerization of TPDS operations be undertaken. Proposals may be sent to GOI.

13. **Expansion of AAY**

Coverage increased from 1.00 crore to 2.50 crore households in three expansions. Additional families would be from BPL household by including, inter-alia, all households at the risk of hunger and from amongst widows, terminally ill persons, disabled persons, persons aged 60 years or more and primitive tribal groups. Guidelines for implementation on the expanded AAY have been issued on 5.6.2003.

The progress made is as under:-

So far 242.749 lakh families have been covered under the AAY in most of the States. The States which have not yet completed the set target are being reminded from time to time to cover the eligible families under AAY. A statement showing the status of AAY families in the States/UTs as on 28.02.2009 is enclosed.

As on 30.04.2009
